- **Resume** – Downloadable resume for recruiters.
- **Fully Responsive** – Optimized for all screen sizes.
- **Smooth Navigation & Interactive Elements**

Mohit Kumar - Portfolio

Welcome to my personal portfolio website! This project showcases my skills, projects, and experiences as a **Full-Stack Developer**.

About Me

I am **Mohit Kumar**, a passionate and dedicated **Full-Stack Developer** with a strong foundation in **web and mobile application development**. My expertise lies in crafting scalable, high-performance applications using modern technologies. I have experience in **JavaScript, React.js, Node.js, MongoDB, and Flutter**, allowing me to build

dynamic web applications and mobile apps with seamless user experiences.

♦ Professional Background

I have a **B.Tech in Computer Science & Engineering**, and I am highly enthusiastic about software development. I have completed a **three-month Java internship**, where I worked on an **e-commerce backend**, gaining hands-on experience in backend technologies, database management, and system architecture.

♦ Areas of Expertise

- **Full-Stack Development:** Proficient in front-end and back-end development, creating seamless and interactive web applications.
- **Mobile App Development:** Skilled in **Flutter**, developing cross-platform applications with engaging UI/UX.
- **Blockchain & Data Privacy:** Currently exploring blockchain technology to enhance personal data privacy solutions.
- **Real-Time Applications:** Experienced in integrating WebSockets and real-time APIs for live data updates.
- **Task & Stock Management Apps:** Currently building a **task management system in Angular** and a **real-time stock trading app (TRADERSPLAYGROUND) using Flutter**.

♦ Passion & Interests

Beyond coding, I am an avid **gamer and bike enthusiast**. I enjoy solving complex problems, learning new technologies, and continuously improving my skill set to stay ahead in the industry.

Project Explanation

This portfolio serves as a digital representation of my professional journey. It highlights my technical expertise, projects, and ways to connect with me. The website is designed with a **clean UI, smooth animations, and a responsive layout** to provide an engaging experience for visitors.

♦ Purpose

- To showcase my development skills and projects in a visually appealing way.
- To provide recruiters and potential clients with an easy way to learn more about my work.
- To serve as a personal branding tool in the tech industry.

♦ Functionality

- **Dynamic Content:** The project section dynamically lists my best work with descriptions and links.
- **Interactive UI:** Smooth transitions and an intuitive layout enhance user experience.
- **Contact Form:** Visitors can send messages directly through the website.

- **Responsive Design:** Works seamlessly on all devices, from desktops to mobile phones.
- **Downloadable Resume:** A dedicated section to download my latest resume.
